Prezzo: €750,00

Short Description

This Canon 18.0 MP camera comes with a nine-point.

Descrizione

The sensor in this black Canon EOS Rebel T4i/650D enhances autofocus interruption time by utilizing contrast and phase detection combined. In addition, the Canon 18.0 MP camera offers three separate methods for focusing in on subjects.

They are face detection, multi-point AF, and single point AF. For reducing or eliminating image noise, this digital SLR camera comes with a multi-shot noise-reduction feature that essentially takes multiple pictures then combines them to create the highest quality image. Similarly, the Canon EOS Rebel T4i/650D also has Handheld Night and HDR Backlight, both of which take numerous images to construct the best image in certain situations.

For quick and easy access to images, the Canon 18.0 MP camera is designed with a 3-inch Clear View II Vari-Angle touchscreen LCD monitor so users can easily reach settings or pinch zoom and slide through images. With a resolution of 5184x3456 pixels and an EF-S 18 mm-135 mm f/3.5-5.6 image stabilized zoom lens, this digital SLR camera ensures consumers can capture crisp, clear, high-quality photos.
